

## Logistics

This assignment covers material from Chapter 14 of *Access Control, Security, and Trust: A Logical Approach* (ACSTLA). It is officially due in class on **Thursday, November 14**. However, it comes with an automatic extension: anything submitted by **1pm on Friday, November 15** will be accepted as being on time.

**You may work singly or in pairs on this assignment:** if you work with someone else, then turn in a single assignment with both names on it.

## Exercises

1. ACSTLA, Exercise 14.1.1
2. ACSTLA, Exercise 14.1.2 (part a only)
3. ACSTLA, Exercise 14.2.1

For maximal credit, provide succinct but convincing explanations for each of your answers by appealing directly to relevant definitions, constraints, etc.

*Hint: I count a total of four problems, two of which are very similar to one another.*

4. ACSTLA, Exercise 14.2.3
